Animal	person	place	Idea								

Read the passage below and answer the questions below.

One easy way to protect wildlife is learning about the endangered animals that live around you. Teach your friends and family about the wonderful birds, fish and plants that live near your home. In this way, they are going to be more careful about nature. You can also visit a national wildlife museum or park. These places give good information about how to protect endangered animals and their homes. You can do voluntary work in these places to help animals and their babies.

Another thing you can do is protecting the natural home of the endangered animals. When you keep nature clean and safe, the animals will live longer. Protecting the trees of forests is also helpful. If you live in a village, you need to be very careful about the hunters who come to your village to hurt animals. Whenever you see these people, you need to call the police. These are simple things, but they will help nature a lot.

A: Tick True or False?

31. Learning about endangered animals is important and useful. True () False ()
32. You can do voluntary work in wildlife museum or parks. True () False ()
33. Keeping nature clean hurts animals. True () False ()
34. Helping hunters is a way to help nature. True () False ()
35. Is protecting the trees helpful for endangered animals?
36. Who do you need to call when you see hunters?
