So, how much Internet is too much Internet? Experts agree that people who use the Internet so much that it causes problems with their daily activities are spending too much time online. They agree that some people may actually be addicted to the Internet in much the same way as some people are addicted to drugs or alcohol. Signs of Internet addiction include spending more and more time online, reducing or giving up social, work-related, or hobby-related activities in favor of spending time online, and giving up sleep to spend time on the Internet.

Experts say that this becomes a real problem when a person starts experiencing problems sleeping, problems in their home and work life, and problems in having good social relationships. People who use the Internet excessively also seem to be more likely to show signs of depression.

How do you know if you are spending too much time online? Some common warning signs include checking your e-mail every few minutes, always thinking about your next online session, and getting complaints from the people around you about how much time you spend online.
