Human knowledgewith scientists' hard work. Many great men and women try hard to facts, solve problems and invent things. Some of these scientists did not easy lives. But they tried hard when they were working on problems. They neverweak when they were studying. They never gave up when they doing research. There great stories about scientists and their lives. One such a story is about Thomas Edison. As a young boy, Edisonvery interested in science. He was very energetic and always asked questions. Sadly, young Edison lost his hearing at the age of ۱۲. He did not school and learned science reading books in the library himself. When he up he worked in different places, but he never lost his interest for making things. He said, "I never quit until I get what I'm after". Edison had more than ۱,۰۰۰and was very successful at the end of his life. Many great names stories like this. But the key to their success is their hard work and belief in If you want to.....what you want, work hard and never give up.
